

Matthew Galen Dahlhausen

Email:

mdahl14@umd.edu

Matthew Dahlhausen is a graduate research assistant in the Mechanical Engineering Department at the University of Maryland and Cluster of Sustainability in the Built Environment (CITY). Matt completed an M.S. (2014) in architectural engineering from the Pennsylvania State University, and graduated cum laude from Dartmouth college with a B.S. (2011) in engineering sciences and B.E. (2011) in environmental engineering. Prior to starting his graduate studies, he served with AmeriCorps as a quality assurance manager for a residential energy retrofit program in Philadelphia. He is a member of the American Society of Heating, Refrigeration, and Air-Conditioning Engineers (ASHRAE).
